European Regional Meeting.

Brussels/Belgium
09th – 11th February 2017

Welcome.

Dear CONSULEGIS colleagues,

Dear CONSUELGIS friends,

VDE-Legal is pleased and honored to host the **CONSULEGIS European Regional Meeting 2017**. We therefore kindly ask you to save the date of **February 09-11, 2017** and to join us in the capital of Belgium and of the European Union.

The first day will be dedicated to the European Union with, between other activities, a visit of the European Parliament. During the second day we will focus on Brussels as international business center and center of international arbitration closed by a panel debate with representatives of the jurisdictions of CONSULEGIS.

More information will be send to you during the next months.

We are very excited to host this conference. It will, without any doubt, strengthen our relationships and provide us with good conditions for building business among member firms.

We will set up this conference with your input to make sure that you discover Brussels in the best way.

Maybe some of you have visited Brussels before. If so, then you know there is much more than beer and chocolates. During your stay you will get inspired and fall in love with this beautiful city and Belgium.

We look forward to host you during those days.

For organizational and security reasons (EU Parliament), we need to get your booking form **before the 15 of January 2017**.

If you will participate to the visit of *The European Parliament* and we draw your attention that there will be a maximum of visitors allowed in the group. We will take the inscription in the chronological order. If you have suggestions or questions don't hesitate to contact us.

Pre-Meeting Program

Your visit will give you the opportunity to visit the European Parliament and to ask a Euro MP some of your questions.

The European topics are high on the list of the questions for the future and I am sure most of you will not let go the chance of such visit.

The second session of the meeting will be focused on arbitration. We will introduce an analyze questions that are more interrogating the cultural aspects of the procedure, the acceptance of private law and the understanding of the parties involved.

But, we will also, if some of you are interested, organize an evening visit of Brussels. In the afternoon, a chocolate pad and later a tour of some of our old typically café with the best beers of the world.
